CERTIFICATE

Eng. HAZEM ELLEITHY
Marine Manager
of
Company Egyptian LNG

has successfully participated in a training
and inspection programme on SVT LNG Marine Arms Type Atlantic and
Electro/hydraulic control system during week 43, 2003.

The training was focused on the following:

Design, calculation and fabrication details of SVT LNG Marine Arms

Stress analysis details of SVT LNG Marine Arms

Hydraulic control system layout and details of SVT control system

Electric control system layout and details of SVT control system

Erection procedure, requirements and details

Maintenance requirements

Operating instructions and procedures
(theoretical and practical training)

Safety requirements and regulations

His excellent knowledge of the LNG and Marine technology and his vast engineering experience was the sound basis for a smooth and successful training.

He also witnessed the successful cryogenic performance test and the successful operation of loading arm and control system.

To Whom It May Concern

Mr Hazem Elleithy, Marine Manager of Egyptian LNG visited Atlantic LNG, Point Fortin, Trinidad during the period May 19-22, 2003, as part of his familiarisation with LNG terminal operations.

Following are the segments of the operations to which Hazem was involved.

- Pilot transfer to the LNG ship using Tug Boat
- Communication between Pilot, shipmaster & tug masters on Bridge of LNG ship.
- Navigation of the LNG ship through the Channel and into turning basin.
- Mooring of the LNG ship to the Marine jetty.
- Loading discussion prior to cargo transfer.
- Ship/Shore safety check list
- Connection of Loading arms.
- Cooling down and loading operations.
- Discussion on the inerting and gassing-up of cargo tanks.
- Cargo measurement
- Visit to LNG Process Plant storage tanks, Cold Boxes, Compressors,…etc.
- Visit to the Process control Room.
- Visit to the marine jetty, marine terminal building, Dolphins…etc.
- Visit to LNG ship's Engine room, Bridge & Process deck…etc. and discussions with master and crew.
- Visit to the Tug Boats Engine room, Bridge & Discussion with Master and Chief Engineer.
- Discussion with the marine department regarding the Marine terminal information, Operations Procedure and regulation manual and port security plan.

Best regards,

.....

Peter Lyons (Mr.)
Marine Services Manager
Atlantic LNG
